FDM PRINTING - Standard Materials

Materials	Regular (minimum of ฿100)		Glass fiber (minimum of ฿200)		Carbon Fiber (minimum of ฿250)	
	Rate /hour	Setup fee	Rate /hour	Setup fee	Rate /hour	Setup fee
PLA	฿70	฿20	฿120	฿120	฿140	฿20
PETG	฿90	฿30	฿140	฿140	฿160	฿160
TPU	฿100	฿50				

FDM PRINTING - Engineering Materials

Materials	Regular (minimum of 1h worth of print time)		Glass fiber (minimum of 1.5h worth of print time)		Carbon Fiber (minimum of 2h worth of print time)	
	Rate /hour	Setup fee	Rate /hour	Setup fee	Rate /hour	Setup fee
ABS	฿120	฿60	฿180	฿150	฿240	฿170
ASA	฿130	฿80	฿190	฿160	฿250	฿180
Nylon	฿290	฿150	Available (starting at ฿9000)		฿990	฿300
Polycarbonate (PC)	฿180	฿150	Available (starting at ฿3500)		฿580	฿140
Polypropylene (PP)	฿180	฿100				
PVA	฿1000	฿500				
HIPS	฿150	฿50				
Others	Availability based on manufacturing capabilities and material availability.					

Extra fees may apply for: uncommon colors, tighter tolerances, mesh repair, fragile models, large models, long prints (>24h), or other reasons not listed.
*Carbon and Glass fiber composites are non-continuous variants

ADDITIONAL FEES			
Rush fees	Type	Typical lead time	Price
	Standard	3-7 days	+0%
	Next day	24-48h (available for services less than 24h)	+100%
	Same day	>24h (service must finish before 9pm)	+250%
Large printing (FDM) Larger than 256mm ³ Up to 350mm ³		+50%	

Multi-color/Multi-material		
Type	Details	Surcharges
Multi color	<ul style="list-style-type: none">Uses one nozzlemust be same material	<ul style="list-style-type: none">+100 baht per jobPrint time charged normallyNormal setup fee + 100 baht

Prices listed are base rates. Final charges may vary based on material type, tolerances, support requirements, model complexity, or other production factors. Prices are subject to change without notice. Actual costs may differ depending on specific project requirements. Printify (พริ้นตีฟาย) is not liable for any damages, losses, errors, or failures arising from customer-provided files, designs, specifications, or materials. All work is performed at the customer's risk, and final results may vary based on design limitations, material behavior, or manufacturing constraints. Prices and outcomes are not guaranteed and may change without notice.

RESIN PRINTING		
Materials	Regular (minimum of ฿250)	
	Rate /g	Setup fee
Standard	฿10	฿200
Tough	฿14	
Flexible	฿30	
Clear	฿18	฿300
Wax	฿70	฿350
ABS-Like	฿18	฿250

Laser cutting/Engraving			
Laser type	Rates /minute	Setup fee	
CO ² (minimum of ฿250)	฿15	฿100	
Diode (minimum of ฿150)	฿8	฿80	
Material supported		Material Sourcing	
CO ² - All Acrylics, Wood, Paper, Vinyl	Diode - Dark Acrylic, Wood, Paper, Vinyl	Client sourced Client will be provided with a shipping address, unused material will be returned unless deem scrapped (can be stored for future use (฿150/CBM/day)	Shop sourced We will source the materials and bill you the cost of the materials with a 20% sourcing fee (or 100 baht whichever is higher). You will <u>not</u> be sent any excess materials.

CNC MILLING (3 axis)			
Materials		Rate /h (minimum of ฿1000)	Setup fees
Sourcing	Types		Rate /per minute of estimated cutting time
Client sourced Client will be provided with a shipping address, unused material will be returned unless deem scrapped (can be stored for future use (฿150/CBM/day)	Wood	฿400	฿3
	Wax	฿360	
	Aluminum	฿900	฿5
Shop sourced We will source the materials and bill you the cost of the materials with a 20% sourcing fee (or ฿200 whichever is higher). You will <u>not</u> be sent any excess materials.	Steel	฿2000	฿6
	Delrin (POM)	฿600	฿4
	Polycarbonate	฿700	

Design services	
3D CAD	Starting at 2500 baht
2D Vectors	Starting at 2000 Baht

Shipping	Express (Grab/Lalamove/Lineman) Standard (SPX/Flash) Global (DHL/EMS/SF)	>2 hours (Bangkok only) 2-3 days 3-14 days
